

SAFE DISPOSAL IN THE REGIONS

In **Western Australia**, used needles and syringes can be safely disposed by returning to a needle and syringe exchange program (NSEP), currently operated in:

- Perth metropolitan area and Southwest region - Peer Based Harm reduction WA
- Perth metropolitan area - WA AIDS Council
- Mandurah - South Metro Community Drug Service (Palmerston Mandurah)
- Geraldton - Midwest Community Drug Service
- Kalgoorlie - Goldfields Population Health NSEP
- Albany - Great Southern Community Alcohol and Drug Service

If you do not live near the NSEP's listed above:

Contact your local council for details of needle and syringe disposal locations in your area

SAFE DISPOSAL IN THE REGIONS

Did you know?

If you can not get to an NSEP you can dispose of used needles and syringes in the domestic waste in a **rigid-walled, puncture resistant plastic container with a screw-top lid**

Examples of household containers that are safe to use:

Do not dispose of loose needles and syringes directly into green waste collection bins, recycling bins, drains, toilets or post boxes.
