

Perth Metro Youth Program

Our Youth Worker provides support to young people under the age of 25 providing information about harm reduction in relation to sexual health and substance use

To get involved with our youth program, drop in to our Perth office, or call and speak to our Youth Worker: 0419 514 132

Community Development

Contact our Community Development Worker if you would like more info about our services or if you would like us to be involved in your community event

Education and Consultancy

We provide guest lectures to tertiary institutions and education training and consultancy to other organisations.

Our education and training sessions can be delivered in your workplace and tailored to the needs of your team

See our website for further details.

About Us

Peer Based Harm Reduction WA (PBHRWA) provides non-judgmental peer-based support, information and education, advocacy, and harm reduction and health treatment services.

Our programs are primarily aimed at;

- Clinical services to reduce the transmission of, and provide accessible testing and treatment for, BBV and STI's associated with drug use.
- Supporting the prevention of drug overdoses.
- Reducing the incidence and severity of other drug-related harm in the community.

Our goals include reducing stigma and improving the health, wellbeing and social circumstances for people who use drugs in Western Australia.
