

Get Involved

Our NSEP volunteer and peer education programs aim to support and develop peer workers. We prioritise people with relevant life experience in all of our recruitment processes.

Speak to staff for more information about volunteering with us.

Community Development

Contact our Community Development Worker if you would like more info about our services or if you would like us to be involved in your community event

Education and Consultancy

We provide guest lectures to tertiary institutions and education training and consultancy to other organisations.

Our education and training sessions can be delivered in your workplace and tailored to the needs of your team

See our website for further details.

About Us

Values / Principles

- Community ownership and accountability
- Diversity and social inclusion
- Health and well-being
- Participation and voice -
'Nothing About Us Without Us'
- Partnerships and collaborations
- Continuous improvement

Strategic Priorities

- Providing a range of harm reduction approaches for the drug using community in WA.
- Provide accessible and relevant health services for people who inject drugs.
- Represent and advocate for the needs and priorities of people who use drugs.
- Be a strong and responsive organisation, accountable to our community and funders.
